

PRODUCT CARD WITH USER'S MANUAL		Ver. 1.1	Page 1/1
		Date of issue: 2023-04-11	
Item name:	<u>Ceiling suspended basketball backboard support structure (motorized) TYPE "Y"</u>		
Article no:	BB101.11		
Producer:	INTERPLASTIC Sp. z o.o. Tuchom, ul. Gdyńska 45; 80-209 Chwaszczyno; Poland Tel. +48 58 511 29 60; E-mail: export@interplastic.pl		
General information			
Hall height:	Between 6 and 10 m		
System width:	2500 mm		
Type:	5 according to DIN-EN 1270		
Material:	Steel, powder-coated		
Height adjustment:	Optional		
Designed for:	Indoor use		
Standard:	EN 1270:2006		
			
Service:			
<ul style="list-style-type: none"> • The operating key switches / buttons should have limited access and must be operated only by authorized (trained) persons • It must be possible to observe the pull-up sports equipment from the operating location during the lifting and lowering movement • No person or obstruction may be under the pull-up sports equipment during the lifting and lowering movement • During the lifting and lowering movement, no one is allowed to hang on the pull-up sports equipment • Only drive the pull-up sports equipment up and down when necessary. Too frequent movements in a short time lead to overheating of the motor (it takes approx. 20 mins to cool down). • Before using check the construction, backboard, ring, net and padding for damages or missing parts and report them immediately to the producer or its appointed dealer 			
Maintenance:			
<ul style="list-style-type: none"> • Every 6 months do a visual checkup of the equipment is required (if any deformities, damages, missing or worn out pulleys, wires, shackles, bolts, nuts, belts, etc. have occurred). • Every 6 months check the fastening or pivot points of the load-bearing structure, tighten screws if necessary. Check the traction devices (ropes/belts) and rope connections for damage and correct guidance. • If any atypical behavior is noticed (for instance squeaky noises or visual damage) immediately stop further usage of the equipment and report the problem to the distributor or manufacturer • Service and repairs can be performed only by the producer or dealers appointed by the producer • All unauthorized (not provided by the distributor or manufacturer) repairs, adjustments, or interferences in the equipment can cause irreparable damages and dangerous, life-threatening accidents. Attempts of self-repairs of malfunctioning equipment are strictly forbidden • Any adjustments in the equipment made without prior agreements with the distributor or manufacturer are strictly forbidden • It is strongly recommended to order a professional check-up of the equipment performed by an authorized dealer every 12 months (especially after the warranty period) • The electrical operational safety of an electric motor must be tested annually by an electrical specialist. 			
Warning:			
<ul style="list-style-type: none"> • The equipment must be used only for playing basketball • Construction is designed solely for folding a basketball backboard and cannot be used for any other purpose • Do not climb on the equipment • Do not hang on the rim or on the net
